

IMEMA 2021
International Meeting on Endemic Mycoses of the Americas

Room 1: Clínic – Diagnosis - Epidemiology

Day 1 - 29/05

Day 1 - 29/05	
9:00 – 9:10 am Room 1 and 2	Welcome greeting – Julian Serrano – Gustavo Giusiano Letter Angela Restrepo
9:10 – 9:30 am Presentación Video grabado	Block 1 History of endemic mycoses in the Americas Speaker: Ricardo Negroni (20 minutos)
9:30 – 10:30 am	Block 2 Diagnosis of systemic endemic mycoses in the Americas
Introducción (2 minutos) Presentaciones 45 minutos Videos grabados 10 minutos cada uno Discussion (15 minutos)	Chair: Beatriz Gómez – Alicia Arechavala Use of imaging for clinical suspicion - Fernando Messina Conventional diagnosis - Gabriela Santiso Molecular methods - Adriana Toranzo Immunological diagnosis - to be announced
BREAK – 5 min	
10:35 – 11:45 am	Block 3 Status of Endemic Mycoses in the Americas
Introducción (2 minutos) Presentaciones 54 minutos Videos grabados 6 minutos cada uno Template Discussion (15 minutos)	Chairs: Ricardo Rabagliati – Diego Cáceres - Flavio Queiroz Telles USA and Canada: Tom Chiller México: Alexandro Bonifaz Central América and greater Antilles: Eduardo Arathoon Colombia, Venezuela and Perú-Andes Central: Claudia Banda/Beatriz Gómez Guiana Shield and lesser Antilles: Antoine Adenis North Brasil: Daniel Wagner South Brasil: to be announced North Argentina-Paraguay-Bolivia: Gustavo Giusiano/Patricia Araujo Central and South Argentina-Uruguay-Chile: Cristina Canteros/R. Rabagliatti
BREAK – 5 min	
11:50 – 12:30 am Introducción (2 minutos) Video grabado 15 minutos Discussion (25 minutos)	Block 4 Chair: Cristina Canteros – Beatriz Gómez Proposal of endemic mycoses as Neglected Disease Speaker: Flavio Queiroz Telles Discussion and closing remarks: Negroni - Tobón - Arathoon - Dolande - Giusiano - Bonifaz - Speaker from Gaffi

International Meeting on Endemic Mycoses of the Americas

Room 1: Room 1: Clínic – Diagnosis - Epidemiology

Day 2 - 05/06

Day 2 - 05/06	
9:00 – 10:10 am	Block 1 Clinical aspects of systemic endemic mycoses and their treatment
Introducción (2 minutos) Presentaciones 50 minutos Videos grabados 5 x 10 minutos 1 x 5 minutos Discussion (13 minutos)	Chairs: Fernando Riera – Claudia Frola Differential diagnosis for coccidioidomycosis. Alexandro Bonifaz PCM in children. Ricardo Mendes Pereira Clinical and epidemiological features of paracoccidioidomycosis due to <i>Paracoccidioides lutzii</i> . Rosane Hahn Histoplasmosis in HIV. Antoine Adenis TB and endemics mycoses. Angela Tobón TB and endemics. Clinical case for discussion. Fernando Messina (5 minutos)
BREAK – 5 min	
10:15 – 11:00 am	Block 2 SIMPOSIUM IMMY - What is new for the rapid diagnosis of endemic mycoses
Introducción (1 minuto) Presentaciones 32 minutos Videos grabados 8 minutos cada uno Discussion (10 minutos)	Chairs: Diego Cáceres - Beatriz Gómez – Norma Fernández 1-What is new for the rapid diagnosis of Histoplasmosis and PCM. Beatriz Gómez 2-What is new for the rapid diagnosis of Coccidioidomycosis and Blastomycosis. Diego Cáceres 3-Point of care (POC) for rapid detection of human and animal Coccidioidomycosis in an Argentinian endemic region. Mariana Viale 4- Utility of rapid tests for the diagnosis of histoplasmosis in HIV patients, an Argentinian experience. Mariana Andreani
BREAK – 5 min	
11:05 – 11:25 am	Block 3
Introducción Presentación 15 minutos Video grabado Discussion (5 minutos)	Emerging <i>Emergomyces</i> and <i>Blastomyces</i> Chair: Tom Chiller Speaker: Ilan Schwartz
11:25 – 12:30 am	Block 4
Room 1 and 2 Introducción Presentaciones Videos grabados Discussion (15 minutos)	Chairs: Jorge Finkelievich - Tom Chiller – Javier Afeltra Surveillance and mandatory report of mycoses in Brasil Maria Adelaide Millington (10 minutos) Surveillance and mandatory report of mycoses in Argentina Graciela Davel (10 minutos) CDC Vision about endemic mycoses - Tom Chiller (15 minutos) Elimination of Neglected Infectious Diseases in the Americas – Santiago Nicholls (15 minutos) Discussion and closing remarks and final recommendations/thoughts
